

## Create Straight Runs & Sweeping Curves

Epic Plastics' Epic Edge® is a durable, sustainable edging solution crafted from high-density polyethylene recycled plastic and recycled wood flour. Designed for versatility, Epic Edge makes it easy to create both clean, straight runs and broad, sweeping curves in any landscaping project.

### Features

- ✓ Durable and sustainable edging solution
- ✓ Made from high-density polyethylene recycled plastic
- ✓ Includes recycled wood flour
- ✓ Ideal for creating straight runs
- ✓ Ideal for creating large sweeping curves in landscaping designs

SPECIFICATIONS/INSTALLATION (NEXT PAGE)

## Installation Pro-Tips

- Use coarse wood working tools for cutting and drilling.
- Allow for thermal expansion and shrinkage by leaving gaps between end of boards
- Use plated screws to join the board to stake
- Do NOT screw boards together

## Specifications
